Our mission at Kite Hill is to craft wines of the highest quality that express the unique locations they were grown. Grape growing and wine making is truly a passion for us, and we are happy to share that with you. Almost all of our grapes are sourced from the Shawnee Hills American Viticultural Area, a place that roughly encompasses the Shawnee National Forest. Many of our wines are grown right here in our estate vineyard (noted as “estate-bottled” in the description)! The aromas and flavors in our wines are the result of the climatic and geological profile of our landscape. Enjoy!
